ABOUT ME

Information Science and Engineering undergraduate pursuing a Bachelor of Engineering, with knowledge of Java, Python, Data Structures, Web Development, and Machine Learning. Experienced in academic projects and hands-on development, seeking internship or entry-level Software Developer opportunities to apply my knowledge and grow in a collaborative environment.

EDUCATION

Channabasaveshwara Institute of Technology

Bachelor of Engineering (Information Science and Engineering) [CGPA: 7.4]

Gubbi, Karnataka, India

2023 – 2027(4th Year)

Sarvodaya PU College

Higher Secondary – PCMC [Percentage:75%]

Tumkuru, Karnataka, India

2022 – 2023

SKILLS

Programming :	C, Java, Python, OOP Concepts
Libraries/Frameworks:	Reactjs, Expressjs, Nodejs, Streamlit, HTML/CSS, JavaScript
Tools / Platforms:	Git/GitHub, VS Code, Google Cloud, Render, Netlify, Railway, linux
Databases:	MongoDB, MySQL
AI Tools:	Cursor, Antigravity, Claude AI, OpenCode, Codex, Grok
Professional Skills:	Communication, Teamwork, Problem Solving, Time Management, Leadership

PROJECTS / OPEN-SOURCE

UtsavMitra – AI-Powered Event Management Platform | GitHub

React.js, Node.js, Express.js, MongoDB, Render

- Developed a full-stack event management platform for planning and managing events with a responsive user interface.
- Implemented event planning, guest management, digital invitations, budget management, and real-time updates using Socket.IO.
- Integrated MongoDB for data management and deployed the application using Render.

Power Grid Demand Forecasting using Machine Learning | GitHub

Python, Pandas, Scikit-learn, Matplotlib, Streamlit

- Developed a web-based bug tracking system to manage software issues, assignments, priorities, and status updates.
- Implemented user authentication, role-based access, bug search, assignment, comments, and dashboard statistics.
- Used Flask for backend development and SQLite for storing user, bug, and comment data.

RESEARCH CONFERENCE

IC-AISMART 2025 Conference

“A Machine Learning-Based Framework for Sleep Disorder Classification using Decision Tree Algorithm and Streamlit Deployment”

- Participated in the IC-AISMART 2025 Conference with a research paper on sleep disorder classification.
- Developed a Decision Tree-based machine learning framework for sleep disorder classification.
- Developed and deployed an interactive Streamlit application for model-based prediction.

CERTIFICATIONS

- The Basics of Google Cloud Compute Skill Badge – Google Cloud
- Test Engineer – ICT Academy Under Infosys Foundation
- AICTE Sponsored International Conference – AICTE
- Full Stack Developer – Simplilearn
- MongoDB Basics for Students – MongoDB

LANGUAGES

English, Kannada, Hindi

HOBBIES

Travelling, Playing Cricket, Listening to Music, Watching Movies, Learning New Skills
